

This is a call for nominations to recognize three deserving Entomologists at the upcoming North Carolina Entomological Society Meeting & Banquet, to be held Friday evening, November 6, 2009 at JC Raulston Arboretum on the NC State University campus, Raleigh NC. Anyone can nominate any worthy candidates. So if you are aware of someone who deserves recognition for their achievements and contributions to the field of Entomology, please consider nominating them.

The deadline for nominations is 5 pm on Tuesday, October 27.

The three Award Categories are:

- 1) Outstanding M.S. Student**
- 2) Outstanding Ph.D. Student**
- 3) Outstanding Contributions to Entomology Award (Professional)**

Eligibility requirements for Nominees of the M.S. and Ph.D. Student Awards:

- They are students at any college in the state of North Carolina
- Their research is related to Entomology
- They have made significant achievements in the field of Entomology during their graduate studies, and show good potential for future scientific achievement and contributions.

Eligibility requirements for Nominees for the Outstanding Contributions to Entomology Award:

- They are professional Entomologists in the state of North Carolina
- They have made significant achievements and contributions to the field of Entomology during their career

For all three of these Awards, the Nominator needs to submit the following in support of their Nominee, preferably in pdf format:

- At least one, and no more than three, letters of recommendation
- Current *Curriculum vitae* of the Nominee

All nominations are due by 5 pm on Tuesday, October 27, in order to give the Awards Committee time to review all Nominations, and select the awardees.

Please submit all Nominations to me by email:
